Brad Huit

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I am a current gun owner, former law enforcement officer and a military veteran who worked for passage of and voted in favor of, Measure 114. I strongly believe in the tenants of responsible gun ownership and reducing loss of life from firearms in our state. Large capacity magazines and unfettered access to firearm acquisition do not promote a safe community. The elements of Measure 114 are reasonable for any gun owner (I feel) and will undoubtedly save lives while preserving a clear pathway to responsible gun ownership.

I believe HB 4145 to be a necessary step in readying to fully implement Measure 114 in a effective and efficient manner so it may function as the majority of voters intended, when it clears the last legal hurdles. I strongly urge passage of this measure.
