I mean? Is there any time in any politicians life that they think through things? The world is in shambles. Because of "politicians". And here you are trying to make it worse? From the bottom of my heart- what a disgusting, inhumane, selfish, and down-right STUPID bill to try and pass. If the government wasn't so greedy, you wouldn't have to think about doing something like this. I am ashamed to live on earth with people that harm small communities.
