Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Position: OPPOSE – HB 4134

As a small-city hotel operator, I oppose this tax increase. Many of our guests are construction workers working within strict per diem budgets. If taxes rise, we have to lower our rates, which strains our margins even more.

In smaller towns, we rely heavily on consistent, affordable lodging to support local industries. Adding more taxes will reduce bookings, hurting both us and the local economy.

We need to encourage business, not drive it away. Please oppose HB 4134.
