Why on earth would you support this bill? Farm stands operated by our small farm neighbors are part of the joy of rural living, and those who visit our areas. The produce, meat, honey, etc we can buy through these farm stands is fresh, whole food. What on earth is wrong with that? Do not handcuff the little hardworking families in favor of conglomerates. The local farmers care far more for their neighbors' health and well being than the likes of ConAgra. Stop picking on the little guys. They are important.
