Measure, Appointment or
Topic:

HB4153

I don't see any benefit in limiting a small farm's ability to have a farmstand. I don't care if they have 1 zucchini to sell each year. Its clear that someone tried to sneak a larger business interest into an otherwise ordinary bill. People are tired of being tricked and cheated. There is nothing to offer that would make this bill agreeable while it limits and discourages the growing interest if farming and local food resilience.
