House Committee On Revenue

Measure, Appointment or Topic:

HB4125

The Voters of Oregon put the kicker refund in the constitution via vote. Oregon has a spending problem that needs fixed not throwing more money at it. Accountability of funding, funding that goes for things for all not just pet projects. Schools were supposed to get lottery dollars what happened to that, you can not tell me there aren't enough lottery dollars. The bottom line is the citizens of Oregon voted the kicker in and you, the legislature should not be able to change that without voter approval.
