I do not agree with the proposal to implement sales tax. We already have increasing sales prices, housing is inaccessible, we struggle with an ongoing food crisis, were loosing state funded dollars as we are slashing federal supports and government funding. I work for the state and for support of the community, and our oregonians, working for ODHS we see a constant rise in poverty and oregon is already 2nd to new year in spiked taxes hikes! Asking for more money from Americans that we dont have is theft and we already have to live half our lives living below our means just to afford to live on our own.
