Measure, Appointment or Topic: HB4153

We are opposed to HB 4153. Farmstands are very important for small farmers and a great resource for communities to have access to farm fresh produce. Small farmers need every bit of revenue they can garner from the land they care for. Farmstands provide a creative low cost outlet to market fresh food and generate income for their families and their while building their farming legacy. Farmstands are also educational, families can teach their children where food actually comes from, the farm - not just the grocery store.
