HB4153

I oppose this measure because small farmers are an important provider of food to our rural communities. I see no benefit to the farm stand restrictions based on farm size, it only serves to discriminate against small farms. Farm stands are a practical and efficient way for small farms to market their products. It gives them the chance to prosper and grow as well as to serve the food needs of their community.

I am a consumer, not a farmer, but I value the opportunity to buy fresh, local foods from small farmers in my community.
