Goodness where to begin...Senior citizen here on SSI, I have a monthly budget of \$1450. I rob Peter to pay Paul monthly, the cost of living is so high in this beautiful disaster of a state. Now you want to add another "carb" tax to businesses that are loyal to this state, is it your desire to have no industry? The demands you already require businesses to pay is absolutely abhorrent! I will not forget who supports this in May or November.
