AJ

I object to house bill 4134, which increases the transient occupancy tax in Oregon from 1.5% to 2.75%. This money will not increase tourism and will damage hotels, motels, short term rentals, vacation rentals. convention events and conference bookings. It will harm my business [Salemstays.com](http://Salemstays.com) serving short term vacation rentals in our Capitol City Salem, Oregon and another individuals, small and large hosting corporations and general lodging tourism throughout all of Oregon.

Outdoor Wildlife enthusiastic fees should be paid for by the people who benefit from wildlife programs in Oregon, hunters, fishermen, hikers, etc.. This has nothing to do with tourism guests that pay TOT taxes for lodging. You must have the people who benefit from outdoor usage of our land and wildlife animals pay for their own usage of our resources, not our lodging customers.

Respectfully submitted,  
Angela Jones
