HB4088

Chair Kropf, Vice-Chair Chotzen, Vice-Chair Wallan and members of the House Judiciary Committee,

My name is Abby Hall. I live in Portland, Oregon. I'm writing in strong support for HB 4088.

With increasing attacks from the federal administration on reproductive rights and LGBTQ+ health care, patients are concerned for the continuity of their care and health care professionals are fearful for their safety. This bill is critical in safeguarding patient privacy, protecting medical providers from mounting criminalization threats, and ensuring that all Oregonians can receive the health care they need without fear or discrimination. The increasing number of threats in the last few years makes the need for this bill urgent. Oregonians cannot afford to wait. In Oregon, this care remains legal and providers should be able to deliver it without fear of federal intimidation or retaliation.

As a mental health clinician, I have seen firsthand the impact of increasing difficulty in accessing gender-affirming medical care. Many have expressed fear and concern of accessing this care out of fear of repercussions such as their safety and privacy being at risk. As federal and out-of-state threats escalate, Oregon has a responsibility to protect its providers' ability to practice medicine and protect personally identifiable patient data and identity records.

I urge you to vote YES on HB 4088 to protect patients, providers, and privacy in Oregon. Thank you for your time, service, and commitment to the people of Oregon.
