SB1583

Chair and Members of the Senate Committee on Judiciary,

My name is Aryn Voigt. I am a BSW student at Portland State University, a Certified Recovery Mentor, and a Peer Support Specialist working directly in this community. I am writing to strongly oppose SB 1583.

I work every day with individuals who rely on the continuity of care established under Measure 110. Recovery is built on trust and stability. When legislation shifts oversight and disrupts funding streams, it doesn't just create administrative headaches; it severs the lifelines my clients depend on.

We have spent years building capacity and trust within these specific networks. SB 1583 threatens to destabilize the very systems that are finally gaining traction. As a provider, I need consistent resources to help people save their lives, not a shake-up in governance that creates gaps in service.

Please focus on strengthening the programs we have built rather than dismantling the progress we've made. I urge you to oppose SB 1583.

Thank you,

Aryn Voigt, CRM, PSS
