Measure, Appointment or Topic:

SB1583

Chair and Members of the Senate Committee on Judiciary,

I am writing in opposition to SB 1583. This bill would destabilize the systems of care built under Measure 110 by shifting oversight and funding in a way that disrupts treatment, recovery, harm reduction, and deflection services.

Providers and communities have spent years building capacity and trust. Abrupt structural changes make it harder to deliver consistent care and risk leaving people without the services they need.

Oregon should focus on strengthening existing programs and improving data systems — not creating instability through major governance shifts. I urge you to oppose SB 1583.

I have been working as a recovery mentor and have had my own experience with recovery from addiction. Many clients use these resources not just as a need, but because they want to recover. Addiction is not a choice, but recovery is.

Thank you for considering my testimony.
