Byron Filler

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4088

I am writing to share my support for this bill as I believe that those seeking reproductive or gender affirming care should be protected under Oregon law. Every person should have the right to confidentiality in their health care without fear of retaliation from federal or out of state agencies. I believe that Oregon has an obligation to protect the personal privacy of those seeking gender affirming care the same way we would do for anyone seeking any other medical care.
