HB4145

I oppose HB4145. I live in rural Malheur county where police protection can be a long time coming in a crisis situation. Having a means to defend myself and my family is very important to me. My wife and I belong to Snake River Sportsmen shooting club and we both have Oregon Concealed Carry Permits. We have been trained in firearm safety and take very seriously our duties and obligations as gun owners. My heart really goes out to victims and families of gun violence and suicide and I wish I had a solution for this terrible problem but I don't think HB 4145 is the answer. I think it just impedes law abiding citizen's ability to protect themselves. Sincerely;
James (Jim) Boyle
