Measure, Appointment or HB4153  
Topic:

We have a cranberry farm in Clatsop county, we are Oceanspray growers. The majority of our crop goes to OS.

We have a small self serve honor system farm stand on our property where we sell fresh harvested cranberries during the harvest season. This little stand is very popular with our local folks and people as far away as Idaho. Oceanspray encourages their growers to offer the public an opportunity to buy fresh fruit directly from its growers as well as offering them the opportunity to see how cranberries are grown and harvested. Please let us continue to share our farm with others. Farmers are proud of their produce and deserve to share this special opportunity.

Thank you
