Measure, Appointment or Topic:

HB4125

I feel very strongly that the ORIGINAL Kicker law needs to be applied as per its original process. Taxes and fees are out of control, and Oregonian citizens are in need of this Kicker as much or more than ever. Please do NOT vote for HB 4125.

If there's a need, please reconsider some of the other financial measures that could assist our state of Oregon with financial needs, not the pockets of citizens who are already severely over taxed!

Sincerely,

JRD
