I am a retired chaplain. I have worked with people affected by gun violence and know its effects in my own family. I worked with Oregonians of all ages across the state and across the political divide to send Measure 114 to the State for consideration. The people voted to pass Measure 114. We see law enforcement shooting innocent Americans right now. Let's enact the common sense actions delineated in Measure 114. Let's pass HB 4145 in order to implement Measure 114 efficiently and soon. Let's work together across our differences to make Oregon a safer place for all who live here. Let's set an example of safety and better practice in the ownership and use of guns. Let's show our country that safer gun use is good for all of us.
