I do not approve of Oregon State taking ANY portion of anyone's "Kicker", due to the poor financial decisions of government leaders. We as tax-payers in Oregon have to budget every month for our households, or face not being able to pay our bills and so should the government! This government shortfall isn't due to the taxpayers failing to budget, so why should they pay for it out of what Oregon's constitution affords them? I suggest talking a long hard look at where the funds are going and make adjustments appropriately.
