Measure, Appointment or Topic: HB4145

Please support House Bill 4145.

Innocent children at school should not be at risk for being killed by gun violence. This is devastating and I fear for my children going to school daily

Guns are the 2nd-leading cause of death among children and teens in Oregon, and the leading cause nationwide. We can and must do better, and we made great progress when we enacted a permit to purchase law in 2022. The provisions in this bill will enable state agencies and law enforcement departments across the state to implement life-saving gun violence prevention laws to the best of their ability. I urge you to lead our state toward a future free from gun violence by doing your part to advance this bill. Thank you.
