HB4125

I do not want the kicker tax to be changed as proposed in this bill. It will rob the tax payers who overpaid taxes from their earnings that they deserve. This law must not be changed to reduce any kicker funds to Oregon tax payers. It is very discouraging that this process has been so secretive and testimony by taxpaying citizens was blocked. This leads to Severe mistrust of all the legislators who are in this committee. Do not break your tax paying Oregonians trust by trying to take our kicker funds for other political purposes. It is ROBBERY!
