Measure, Appointment or HB4153  
Topic:

This would put numerous farms in small rural Oregon communities out of business. In many ways these rural areas were food deserts, with no place to buy fresh produce or meat until the advent of these small farm stands. Small farm stands have made all the difference, giving those of us living here access to healthy fresh high quality food. It would be a terrible loss for so many, growers and consumers alike. Please oppose! Thank you
