Measure, Appointment or Topic:

HB4145

I am a concerned citizen and Oregon resident who voted in support of Measure 114. Not only did I vote for it, I worked to collect signatures for months to get it on the ballot. I have examined public health evidence which supports the safety features introduced by this bill and I believe lives will be saved once it is implemented. Measure 114 does not halt responsible firearm use and ownership.

We have been waiting for Measure 114 to be implemented for years and it has been frustrating to see it held up in courts for all this time. Oregonians voted to support this measure. It is time to implement it. Measure 114's ban on large capacity magazines, closing the Charleston loophole, and the permit to purchase requirement should already be in effect. HB 4145 will make the implementation of Measure 114 efficient and effective. HB 4145 must pass this session!
