I oppose disconnecting from federal tax law on these important issues. I also strongly oppose increasing the EITC only because illegals are eligible for this credit. If it was for citizens only I might consider it but in general the EITC is rife with fraud. Instead stop spending out tax dollar's on your twisted priorities. Do as the rest of us do and live within your means. Your actions haven't represented the bulk of the CITIZENS and TAXPAYERS of this state in years. Our governor is an embarrassment, the democratic legislators as well. You're pushing business and citizen taxpayers out of this state.
