HB4125

Dear Chair Nathanson, Vice Chairs Reschke and Walters and members of the House Revenue Committee,

I am an Oregon voter in 97202. I want to urge you to support HB 4125 to modernize the Kicker.

The Revenue Forecast Modernization Act (HB 4125) is a solid government measure to create more accurate revenue predictions and thus a more stable state budget. We need increased resources

- more revenue - in order to fulfill basic and foundational social promises of quality public education, access to housing and food security, and social services and medical care. It will take

more than passing HB 4125 to generate the necessary revenue, but it is a step in the right direction.

As I read other comments in support of the bill, from teachers and public service providers who are negatively impacted by budget shortfalls, I find myself growing even more passionate about the need to pass this important reform.

Thank you.
