On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure, Appointment or Topic: SB1583

Chair and Members of the Senate Committee

I am writing in opposition to SB 1583. This bill would destabilize the systems of care built under Measure 110 by shifting oversight and funding in a way that disrupts treatment, recovery, harm reduction, and deflection services.

Providers and communities have spent years building capacity and trust. Abrupt structural changes make it harder to deliver consistent care and risk leaving people without the services they need.

Oregon should focus on strengthening existing programs and improving data systems — not creating instability through major governance shifts. I urge you to oppose SB 1583.

I speak not only as a concerned community member, but as someone with lived experience in recovery. I am a direct example of how structured, accessible, and person centered treatment works when it is available and properly supported.

Thank you for considering my testimony.
