Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: SB1541

I oppose SB 1541; Our family opposes SB 1541. The climate crisis is not about climate it is about control. Climate change taxes and fees just feed the government and do nothing for the climate. Climate cannot be controlled by mankind. To blame CO2 is just political hoax pushed upon the taxpayers. I work in Forestry and understand CO2. What is proposed is just pushing the control and climate hoax agenda. Having fought wildland fire for over 25 years in management positions, what is needed is proper forest management not this lock the land up mentality by the anti-America NGO's and the party in change hyperventilation about a climate crisis. Stop the wanting of big government wanting control of taxpayers and say no the SB 1541.
