Measure, Appointment or HB4153  
Topic:

My name is Charles Johnson and I frequently use small acreage farm stands in my area that do not meet your "required" acreage. I'm shocked that the legislature is considering discriminating against small farm operators. These restrictions would imposed significant hardships on small scale farms that are starting out or can't afford larger acreage. This legislation would severely impact very viable properly run farm stands in my area -- who is supposed to benefit from these restrictions? I strongly opposed this legislation.
