House Committee On Revenue

Measure, Appointment or Topic:

HB4125

I am writing this in opposition to HB4125 which would recalculate the state kicker refund. Our state is ran very poorly and taxpayer money is being grossly mismanaged by our governor and legislature. The kicker is in our constitution and should be followed instead of trying to be changed. As a tax paying citizen of this state. I want my money back because I know how to manage it better then any politician can. I vehemently oppose this bill. It is another attempt to steal from taxpayers what rightfully belong to us.
