Jessica Dent

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

This isn't excess revenue, it's money taken from the pockets of hardworking oregonians. That's money that we were over taxed on, not just surplus. Many oregonians are struggling, not just me, not just my neighbors but a majority of us, and we look forward to these kicker refunds as a way to make some forward movement on our financial situations.

This proposal is tantamount to theft. Do better.
