HB4145

My name is Tiffany Filter. I am an Oregon resident, a mom and a teacher in our local public schools.

I am writing for you to support House Bill 4145. In an average year in our state 644 people die and 719 are wounded by firearms. Gun violence is a pervasive issue impacting all communities. Passing this bill is the critical. Please don't delay. I urge you to pass HB 4145 to ensure a safer future for our state and our kids.

Thank you.
