Measure, Appointment or Topic:

HB4145

HB 4145 if it becomes law will likely to moot the measure 114 legal case that taxpayers have spent millions of dollars defending. This measure does nothing to solve the constitutional issues. Nor does it improve public safety.

This measure whether intentional or not creates a gun registry that is illegal under federal law.

Furthermore the exorbitant fees for a license to purchase and cost of training will prevent poor people from exercising their constitutional rights to acquire firearms for self defense.

For those unaware of existing law, it requires a background check processed by Oregon state police for each firearm purchase. Neither this bill or measure 114 will change that.

Equity, not in this law. I urge our elected representatives to not pass this measure and revoke measure 114.
