HB4088

Dear Committee on Judiciary,

I am asking you to vote NO on HB 4088.

1. This bill would cause Oregon to be a sanctuary state for permanent, body-altering procedures on minors.
2. This will strip parents of their role in shielding and protecting their children.
3. This bill will promote the killing of babies (in the name of abortion) causing further harm to these women.
4. This is an additional drain on tax dollars - the government is out of its lane!

Vote NO to this attempt to continue justifying mutilating children and killing babies.
