HB4125

Our Oregon Legislature,

We voted for surplus to go back to the tax payer many years ago for a reason! Don't reconfigure how you want to calculate what is returned to us, or rescue the fledging PERS that has been mismanaged. Please don't penalize us, the taxpayer, for shortcomings not in our control. Use our hard earned money wisely and return what is rightfully ours (The Kicker) & voted for.

Sincerely,

Cynthia Morris
