Reducing, infringing and restricting rights of law abiding citizens is something no Oregonian or liberty loving representative of the people should be participating in, especially in fraught times as we are wading through.

Having those who work forces, and are historically known to be above the law, not only get to decide the ability of other Oregonians to enjoy their Second Amendment right, but to also be exempt from the magazine capacity infringement, is beyond the pail.

This reminds me of the quote to describe Conservatism: "There must be in-groups whom the law protects but does not bind, alongside out-groups whom the law binds but does not protect,"

Be sure you are not becoming that which you revile in higher levels of power. If you decide to move this forward and it passes, you should be ashamed of yourselves. Have you not larger problems on which to spend the people's resources?
