Deborah Mech

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

The state transient lodging tax is so important for the well being of our human and wildlife communities. I support an increase through the passage of HB 4134 so that our visitors and local residents can contribute even more to the care of our wildlife and land, and as a way to honor these gifts that our beloved Oregon has to offer.
