Chair and Members of the Senate Committee on Judiciary,  
I am writing in opposition to SB 1583. 5 years ago I left the Oregon prison system and was welcomed by a M110 peer support. They provided me the guidance, direction and support that no re-entry support plan had before. This bill would destabilize the systems of care built under Measure 110 by shifting oversight and funding in a way that disrupts treatment, recovery, harm reduction, and deflection services.

Providers and communities have spent years building capacity and trust. Abrupt structural changes make it harder to deliver consistent care and risk leaving people without the services they need.

Oregon should focus on strengthening existing programs and improving data systems — not creating instability through major governance shifts. I urge you to oppose SB 1583.

Thank you for considering my testimony.
