

Submitter:

Linda Fane

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4088

I am a lesbian who is seeing too many young, confused lesbians being pressured into medical interventions because they are told that if they are attracted to women and are gender non-conforming they must be a boy. This travesty can only continue under the veil of secrecy that the gender industry demands and is trying to codify with this bill. Please vote no....SAVE THE TOMBOYS!!!!
