Measure, Appointment or Topic: HB4153

We support HP 4153 we want the ability to continue to go to these family farms and have them be able to sell their items directly to the public: flowers, fruit, vegetables, jams and syrups, eggs and dairy, anything that can be sold in a farm store including household goods decorations holiday items. We frequent all of the farm stores in their area and want them to be able to continue to earn their incomes by this means.
