

Submitter: Kelly Lesser  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB4145

The second amendment is clear, shall not be infringed. Taking gun rights away from law abiding citizens will not stop criminals from getting or using guns. You can not legislate to prevent evil people from using guns, knives, bats, crowbars, rocks or anything else that people use to hurt others. Mental health care should be the priority to help prevent person on person crime.
