

Submitter:

Ruth Webster

On Behalf Of:

Committee:

Senate Committee On Early Childhood and  
Behavioral Health

Measure, Appointment or

SB1573

Topic:

I can't believe this has to be a bill.

Seriously, you think it's ok for grade school children to walk past drug addicts shooting drugs into their groin?

I grow weary of Oregon protecting criminals over children. Felons over law abiding citizens.

Compassion only goes so far. Eventually accountability has to kick in.
