Measure, Appointment or Topic:

HB4125

Dear Chair Nathanson, Vice Chairs Reschke and Walters and members of the House Revenue Committee,

I am an Oregon voter in 97222. I want to urge you to support HB 4125 to modernize the Kicker. Please vote to move it forward!

The Revenue Forecast Modernization Act (HB 4125) is a solid government measure to create more accurate revenue predictions and thus a more stable state budget.

We need increased resources

- more revenue - in order to fulfill basic and foundational social promises of quality public education, access to housing and food security, and social services and medical care. It will take

more than passing HB 4125 to generate the necessary revenue, but it is a step in the right direction.

I will be paying close attention to the elected officials who support HB 4125 for election season. I will not look favorably on officials who do not support this step in the right direction

Taxpayers don't count on the kicker, they've already paid the kicker, and won't miss the kicker.

I work in a public elementary school, and we need the revenue that is wasted on the kicker to support educational funding. The QEM is impossible with our current level of funding. PLEASE, take this first step to make substantial and positive change to Oregon's revenue.

We are facing huge cuts to social services — people are being kicked off medicaid and housing vouchers due to federal cuts and state shortfalls. We need revenue BADLY

in a time of huge federal cuts, we need state revenue for: healthcare, education, housing, disability services, climate mitigation, infrastructure, transportation - including buses, walking, and bikes. Please, as a public school employee, I am urging you to support this measure.
