

Submitter: Cynthia Mahoney

On Behalf Of:

Committee: House Committee On Transportation

Measure, Appointment or Topic: HB4009

I oppose this bill. It's a mandatory per-mile road usage charge for owners and lessees of electric and hybrid cars and delivery vans engaged in e-commerce (taxes) It would raise rates annually.

Cuts the rebates - another lie once promised to folks who were anxious about helping the environment.

I oppose this bill. I don't have an EV or hybrid, but again, it's another tax and taking the rebate? That's low.
