

Submitter: Douglas Holbrook

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4088

I strongly support this bill, it is badly needed in these times. Please do not forget that the mess that Idaho made of abortion, such that many of the OBGYN's left the state severely degrading women's health, should not only be a cautionary tale, but should be counter-acted by this legislation.

Thank you for considering my testimony.

Douglas Holbrook
