Committee:

House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or  
Topic: HB4153

I live in a small town on the Southern Oregon Coast and our community depends on and is enlivened by small farm stands (for produce especially). Small farms are part of the livelihood of people here. Fresh local food is important to our community, not only in terms of food & livelihood provided, but also very importantly, in terms of connectedness between people within the larger community. Please do not destroy our small farms small amount of prosperity.
