HB4114

Honorable Chairs and Members of the House Committee on Judiciary,
I am writing in support of HB 4114. We must require law enforcement agents to provide their name, agency, badge/ID number, and credentials upon request, especially when entering schools, hospitals, courtrooms, etc. We currently have a vulnerable population being subjected to terrifying attacks and captured by unidentified individuals, and that is terrifying all by itself. Please do all you can to make this bill into law.

Thank you,
Laurie Moses
