HB4125

I am writing in support of kicker reform. Returning revenue to taxpayers when the state hasn't fully funded public education for decades is irresponsible. Find me a prosperous community that does not educate their youth. Riches don't just come from a check. They come from a community where everyone has the chance to succeed. A fully funded public educate system is critical to prosperity for all. Put revenue towards this. Do not continue to dilute its value into the hands of the few.
