Committee: Senate Committee On Health Care
Measure, Appointment or Topic: SB1570

Hello,

As an interventional cardiologist practicing in Medford, Oregon, I strongly support SB 1570.

I care for patients with emergent cardiac conditions in the hospital as well as those in the outpatient setting. It is critically important that all Oregonians—especially our most vulnerable—feel safe seeking necessary medical care, regardless of immigration status. Fear of accessing care can delay treatment and lead to preventable harm.

I urge you to vote YES on SB 1570.

Thank you for the opportunity to submit this testimony.

Sincerely,
Jae Hong, MD
