HB4088

As a woman and a mother of a trans-identifying young adult, I oppose HB 4088 for its conflation of safe and necessary reproductive health care for women with dangerous and experimental "gender affirming care". The bill shields providers of treatments - to young women - that are unproven, irreversible, and harmful, while non-cooperation clauses could block probes into regret or harm and favor ideology over child safeguarding.

Protect women and girls and do not pass HB 4088.

Sincerely,

Suzanne Reich
